JESSIE HALL EXHIBITION

Energy2008 curators award winner Jessie Hall's first solo exhibition is a combination of this up-and-coming artist's quirky observations, energetic illustrative style and knack of sourcing unloved and abandoned surfaces and material along with stray clippings of text. The result is works that are both comical and intruding. Having just graduated from Trinity Bay State High School and already involved with local artists' collective, RATS, this young artist is set to make her mark on the world. Tanks Arts Centre is proud to present her first solo exhibition.

KATIE NOONAN

Multi-award winning and four times platinum selling songstress Katie Noonan is on the tour trail promoting her new album *Blackbird* – the music of Lennon and McCartney. The Beatles' pop music and the wide spectrum of jazz music at large played an instrumental role in the musical upbringing of this Brisbane-based singer, songwriter and interpreter.
